

## Background

Snyderville Basin Special Recreation District and Park City Municipal Corporation jointly completed a Recreation Facility Demand Study and a Community Interest and Opinion Survey, and now seek to integrate the results into a **Strategic Action Plan**. The goal of this study is to identify and develop a 5-year implementation strategy that addresses the existing and future recreation facility needs of our constituents.

## Your involvement is important!

Based in large part on the comments we receive from you and others, we will revise the priorities, evaluation criteria, and preliminary rankings as needed and present the changes on May 29, 2013.

Please provide your input, or if you prefer, jot down your ideas and return them to Landmark Design as soon as possible. You may email your comments to [mountainrecreation@ldi-ut.com](mailto:mountainrecreation@ldi-ut.com), or visit the project website at [www.mountainrecreation.net](http://www.mountainrecreation.net) where you can review and view the materials presented tonight, and provide input using the online input form.

Please don't keep this plan or process to yourself. We encourage you let your friends and family know about the plan and the process for submitting comments and ideas. We invite you to give us a call at 801.474.3300 if you prefer a friendly voice to discuss specific ideas and concerns.

*Please return your comments by Wednesday, May 8, 2013.*

## Questions:

1. The priorities/projects were gleaned from the Recreation Facilities Demand Study and from the public survey. Do you agree with this analysis? If there are other projects or priorities we have missed, please specify? What are your top three priority projects/facilities?

---

---

---

2. Do you agree with the Evaluation Criteria? Are there other criteria that should be considered in determining priorities? Please specify?

---

---

---

3. Are some criteria more important than others? What are they? Should they receive more weight in the evaluation?

---

---

---

4. Are there any other suggestions regarding this prioritization process?

---

---

---

5. How would you like to see existing facilities expanded or improved?

---

---

---

6. Do you have thoughts on how city/basin-owned properties should develop?

---

---

---
